

CAUSING CHANGE

Implementation and Change Management

This course builds the critical implementation and leadership skills you need to better plan and then execute ideas into reality.

Modules Five Modules. Five Weeks.

Course Structure

Each week of the course will cover a single module and follow the same repeating structure:

- ① Video content about the tool
- ② Simple exercise to get you started
- ③ Video content covering how to use the tool
- ④ Example exercises with sample answers provided
- ⑤ Application exercises using your own content. These are reviewed by an instructor and feedback is provided.

Timeline & Course Requirements

The course is designed to have some work completed every business day. Time required each day will vary but on average you can expect to spend approximately an hour per day.

Additionally, there are live online sessions to attend:

- Initial kick off meeting – Monday week one – 45 minutes long
- Worked examples and Q&A – Each Tuesday – 45 minutes long
- Group activities and Q&A – Each Thursday – 45 minutes long
- Final group application – Thursday week six - 2 hours long

The worked examples and Q&A live session times will be shared at the commencement of the course. The live Q&A sessions will be in Sydney time. The live sessions will be recorded and made available for those who cannot attend.

The group activity live session (Sydney time) is not recorded for confidentiality reasons and is run in several smaller groups to allow more discussion and collaboration.

Outside of the live sessions, the coursework is flexible, allowing you to complete it at a time which suits you. However, you will be expected to progress at a certain pace, hitting specific completion milestones prior to each of the live sessions. This ensures that the sessions are relevant, and you get the most out of them.

Weekly completion milestones:

- Prior to Worked examples and Q&A session – Complete exercise 2
- Prior to Group activities and Q&A session – Complete first attempt of exercise 4
- Prior to start of a new week – Complete all exercises from the previous week

Course Facilitation

While BBIT is designed primarily to be a self-led and remote course, you will have two instructors guiding you along the way. They will facilitate the group sessions, review your work, and be available for any questions or problems you come up with along the way.

They are reachable by email and during the weekly group sessions. Please don't hesitate to contact them if you are unsure of anything.

Tech Requirements

Black Belt in Thinking is an online course. You will need access to a computer with audio and video and a reliable internet connection. We recommend a quiet space without distraction and a headset with microphone if your computer audio is of poor quality.

More Questions?

Please visit the FAQ page on the Black Belt in Thinking website blackbeltinthinking.com/faq or email your question to sales@viago.com.au.

Investment and Payment Options

Investment: AUD\$320 (Australian dollars)

Foreign currency payments will be converted and charged in Australian dollars at the current exchange rate (fx) charged by the payment processing service at that time.

Payment method

All payments will be made through Eventbrite upon registration.

Please contact ViAGO (course organiser) at sales@viago.com.au if you would prefer to pay via an invoice.

Refunds and guarantee

We want this investment to be 100% risk-free. If you watch the video lessons and complete the deliverables, and still don't find the course valuable, we'll happily refund your full payment.
